

**Job Announcement:** Grant County Community Health Council Coordinator

**Position:** Community Health Council Coordinator

**Location:** Silver City, New Mexico

**Status:** Full-time, Part-time possible

Do you have a passion for making a tangible difference in people's lives? Are you driven to create meaningful, lasting change that uplifts entire communities? If so, join us at the Center for Health Innovation, New Mexico's Public Health Institute, as the ***Grant County Community Health Council Coordinator*** and take on an inspiring role that puts community health at the heart of your work. This position is not only a career opportunity but also a chance to shape the future of health for all in Grant County.

### **About the Role**

As the Community Health Council Coordinator, you will lead efforts to improve the overall health and well-being of Grant County residents by strengthening partnerships, fostering innovative solutions, and advocating for resources that address critical health challenges. Working closely with diverse stakeholders—local leaders, public health experts, State agencies, businesses, nonprofit organizations, and residents—you will coordinate and implement community health initiatives that empower individuals, support families, and create a foundation for a healthier future.

This role is ideal for a compassionate and dedicated leader who views public health as an adventure in improving lives. You will have the opportunity to immerse yourself in the unique culture of Grant County and work alongside passionate people who share a common goal: to ensure equitable access to health services, information, and support for all.

### **Key Responsibilities**

**Facilitate Collaboration:** Bring together community leaders, healthcare providers, educators, and residents to develop strategic plans addressing the most pressing health issues in Grant County.

**Coordinate Programs:** Design, launch, and monitor community health, events, and workshops aimed at addressing topics such as mental health, substance abuse prevention, nutrition, physical activity, and chronic disease management.

**Engage and Inspire:** Lead with enthusiasm and dedication, inspiring residents and stakeholders alike to actively participate in creating a healthier, more resilient community.

### **Qualifications**

- Bachelor's Degree (2 years of relevant experience may substitute for 1 year of education)
- Minimum of 2 years of experience in health and human services, community development, or related field.
- Strong interpersonal, organizational, and communication skills.
- Knowledge of community engagement principles.
- Experience in project management is highly desirable.
